

Dec 7<sup>th</sup> 1924.

Dear little Blossom,

Your letter was received and very welcome. I had began to think you had forgotten your old Aunt, am glad to hear that you are well and happy. that is the main thing. am sorry Adelaides baby is poorly. but perhaps he will take a start and be all right; wish I could be down there for a little while. I would awfully like to see you all again Julian said they would be up here in November, but I have

never even heard one word from them or Harold and Molly since I came home. I suppose they are so elated over their baby they have forgotten me by this time. I wish I could step in there and not have them know I was coming, what is their address. I might write to them some day, well I expect you are making plans for Texas. I only wish I had lots of money so I could send you all something, we are all well and I suppose we should be thankful for that, but I would like the money too, but we will have to take it as it comes. I guess it is all right anyway.

I am going over to Nellie's  
after Tomas and stay a few  
weeks, and I shall see Philinda  
while I am there, she does  
not live far from Nellie's.  
Grace and Rob have gone to the  
pictures. Grace's girls say they  
would like to see you, I told  
them they would like you, and  
I know you would like them  
their names are Loucille and  
Mildred, 11- and 13 years old,  
I have not seen Uncle Sumner  
and Aunt Bib but once since  
I came home from down there.  
I suppose Mrs H is still in

the sunny south, - good place for  
her. I feel sorry for Dorothy,  
give my love to her. well I  
dont think of any more to write  
so guess I will ring off.

now write as soon as you can  
for I am always glad to hear  
from you. give my love to  
George and all the others and  
keep lots for your own dear  
little self, your old Aunt  
Florence.

who loves you all

Mrs George T. Klein,
